Conference Wrap-Up

It was wonderful to meet with all of you during conference time. I enjoyed getting to know you and your child a little bit better.

Newstelling

Keep up the good work! I have seen great writing and illustrating coming from your children.

Changing Schedules

Our class' schedule will be changing frequently to accommodate WASL testing. In order to best serve the grade levels that are participating in the testing our class' activities such as PE and Music will be moving to different times. We are going to have to be flexible with our day. You may notice that your child seems a little flustered with all of the frequent changes.
